Email _____ License Number and Class _____

Business License Number _____

Project Address _____

Number of Stories _____ Total Floor Area _____ Valuation _____

Tax Map Number _____

Scope of Work _____

II. Demolition Permit Information Sheet

Asbestos: Before commencing demolition, you should contact Robin Mack (803) 898-4270 with South Carolina DHEC, Asbestos Office to determine whether or not you are required to obtain a permit from their office. There is a process for having a licensed asbestos inspector view and inspect the site, and this will be explained by SC DHEC if required. A link to the SC DHEC home page can be found at http://www.scdhec.net/eqc/baq/html/asb_home.html. Furthermore, if required, permit forms are available online at the following address: http://www.scdhec.gov/eqc/baq/html/asb_list.html. This site also has some very useful information regarding asbestos inspection and landfill requirements.

Lead Paint: Before commencing demolition, you should contact Ellen Jennings (803) 896-4203 of SC DHEC, Land and Waste Management. This office deals with lead paint issues, including disposal. Additional information on lead paint can also be found at the following website: <http://www.scdhec.gov/lwn/forms/pbfact4.pdf>

I understand and agree to follow all state and local laws governing building projects. Any willful misrepresentation listed on this permit application shall constitute grounds for permit revocation and be subject to penalties under law as prescribed by our state law and local ordinances.
