# **BUDGET WORKSESSION**

The following agenda items will be discussed:

- Budget Totals by Fund
- Compensation/Benefits Changes
- General Fund Budget Highlights

- General Fund
- Community Programs Funding
- Hospitality Special Revenue Fund
- Water & Sewer Enterprise Fund
- Stormwater Utility Enterprise Fund
- Water/Sewer & Stormwater Utility Construction Funds
- Utilities Equipment Replacement Funds
- CDBG Budget

## **OVERVIEW OF FY 2023-24 BUDGET**

Mr. Randy Osterman, City Manager, began by introducing the objectives of the FY 2023-24 General Fund Budget.

### **General Fund Budget Objectives:**

- Balanced Budget
- Meet Council Objectives
- Meet Service Delivery Needs
- COLA Increase for Employees
- Community Programs

### **General Fund Budget Highlights:**

The following is a list of highlights from the FY 2023-24 General Fund Budget.

Initial budget requests were \$6,793,668 greater than revenue estimates. This shortfall was resolved through adjustments to capital requests, department operational requests, cost of living as well as adjustments based on attrition trend savings and delayed hiring.

# FY 2023-24 General Fund Budget Highlights

- ▶ Initial budget requests were \$6,793,668 greater than revenue estimates
  - ► Shortfall resolved through:
    - ► Adjustments to capital requests
    - Adjustments based on attrition trend savings and delayed hiring
    - ▶ Adjustments to Cost of Living
    - ▶ Adjustments to department operational requests

# Compensation/Benefits Highlights:

The following is a summary of FY 2023-24 compensation and benefits.

- ▶ 8% Cost of Living pay increase eligibility effective January 1, 2024 included in the budget.
- ► Annual Longevity Recognition Pay.
- ▶ Effective January 1, 2024, the City's Health Insurance premium is projected to increase between 3% and 4% for the City. The City maintained an experience rating of zero.

- ▶ Retirement System contribution increases for the City effective July 1, 2023:
  - ▶ SCRS: City contribution increases 1.00% (from 17.56% to 18.56%)
  - ▶ PORS: City contribution increases 1.00% (from 20.24% to 21.24%)

<u>Note</u>: The 1% increase above assumes that the 1 percent pension employer contribution credit in the FY 2023 State budget is funded at the same level in the FY 2024 State budget. If this credit is not included in the state budget, both the SCRS and the PORS contribution will increase by 2% instead of 1%.

Below are new positions proposed in the FY 2023-24 budget. The Office Assistant III position in Finance will be a floater position to provide assistance to Court Administration and Business License. The Sanitation positions are necessary due to the continued growth of the City and the Distribution and Collection positions are new crews that will be utilized to assist in maintaining infrastructure throughout the City. Stormwater revenues are currently not enough to sustain the additional crew proposed.

### FY 2023-24 Budget New Positions

#### **Added Positions**

Councilman Braddock expressed concern with raising the landfill fee while the city is still struggling to provide consistent yard waste pick-up. Mr. Osterman said it is desired to return to regular yard waste pick-up. Mr. Osterman explained further struggles with sanitation, saying only 25% of the City's residents utilize curb side recycling with little to no return. Many municipalities across South Carolina have suspended curb side and Mr. Osterman said the City will likely soon have to decide if curb side recycling is worth the cost associated with it.

Councilwoman NeSmith-Jackson inquired on the City's cost to recycle. Mr. Chuck Pope, Public Works Director, said the City is charged by the ton. To put the cost into perspective, Mr. Pope said it costs the City \$55.55 per ton for garbage, but recycling costs \$159.50 per ton. On average, it is costing the City \$65,000 per year for recycling, not including personnel and operations costs. If recycling service is suspended, personnel will be utilized for yard waste collection.

Mr. Osterman spoke on credit card fees next. The City is currently absorbing approximately \$350,000 in credit card fees annually. Of the \$350,000, \$50,000 is out of the general fund and \$300,000 is out of the utilities fund.

Even with the increase in landfill fees and passing along credit card fees, the budget is still not balanced. To balance the budget, \$1,100,000 was taken from the fund balance; however, Mr. Osterman said utilizing the fund balance is not sustainable. Mr. Osterman said it is necessary for the City to consider a

millage increase, as the City cannot continue to deplete the fund balance to cover normal operating expenditures. The maximum amount the City can raise millage is 5 mils, which will generate approximately \$950,000. On a \$100,000 owner occupied home, a 5 mil increase will be an additional \$20 per year which will be offset almost half due to the local options sales tax property tax credit. There was discussion on the potential to max out the mileage increase over a specific period of time. Mr. Peterson said Council is able to decide, as part of a budget, that their intentions are to do a steady mileage increase but passing a budget that defines the mileage is required to be done each year.

The following chart illustrates the General Fund Revenue Budget by Source and the percentage of budget for each category. Property taxes and Licenses and Fees are the largest contributors to the General Fund revenues.

#### **Hospitality Fund**

This is the 2% tax paid on prepared food and beverage purchases in the city. The Hospitality Fund is one of the city's growth funds but it is also a restricted fund. South Carolina Code requires any revenue generated by the hospitality fee must be used exclusively for the following purposes:

- > Tourism-related buildings including, but not limited to, civic centers, coliseums, and aquariums.
- > Tourism-related cultural, recreational, or historic facilities.
- > Beach access and re-nourishment.
- > Highways, roads, streets, and bridges providing access to tourist destinations.
- Advertisements and promotions related to tourism development.
- Water and sewer infrastructure to serve tourism-related demand.

However, because at least \$900,000 in accommodations taxes are collected annually in Florence County, State law permits hospitality funds to be spent for operations related to the above stated purposes.

Below is the hospitality fees comparison from FY 2018 to FY 2024.

#### **Stormwater Utility Construction Fund**

Mr. Clint Moore, Assistant City Manager of Development, provided an update on current stormwater projects. In 2021, City Council authorized the issuance of a \$7 million bond to fund new stormwater projects to include Saint Anthony/College Park, Sandhurst, Tarleton Estates, Pennsylvania Street, Dargan

and Elm Street, Malden Drive, Cannon Street, Rebecca Street, Cheves Street, Wisteria Drive and the Stormwater Masterplan.

Phase I has been completed in the Saint Anthony Drive, Sandhurst, Tarleton Estates areas with cleaning of existing stormwater infrastructure. The engineering drawings for Rebecca Street have been completed and the City is still working with property owners to acquire the proper easements on private property. The city was awarded an additional \$2.6 million from the Office of Resilience for the Pennsylvania Street project, which is still in the engineering phase. The Stormwater Masterplan is moving along with public meetings scheduled for the next couple weeks. The City was also awarded an additional \$9 million in grants from the Office of Resilience for the Cedar/McQueen Street and the North Church and Oakland Street projects.

#### **Utilities Equipment Replacement Fund**

The Equipment Replacement Fund is a fund to replace utility equipment. This fund allows for the replacement of equipment when it is needed and does not require that the purchase be deferred.

#### **CITY OF FLORENCE CDBG BUDGET FY 2023-24**

Mr. Scotty Davis, Deputy City Manager, gave a presentation on the City of Florence Community Development Block Grant (CDBG) Budget for FY 2023-2024. The City will receive \$304,546 for FY 2023-24 in CDBG allocations. In FY 2022-23, the City received \$319,283.

Each eligible activity must meet one of three national objectives: benefit low-to-moderate income persons, aid in the elimination of slum or blight, and meeting a need having particular urgency. A formula is utilized to determine CDBG allocations. The CDBG formula allocation is based on total population, percentage of low to moderate income persons, and the unemployment rate of a jurisdiction. There is a 20% cap of total allocation for planning and administration expenses and a 15% percent cap of total allocation for public service, which includes subrecipients.

Below is the proposed CDBG budget for 2023-24.

## Proposed Budget 2023-2024
